GRETCHEN L MATTHEWS
Professor
Department of Mathematics
Virginia Tech
Blacksburg, VA 24061-1026
gmatthews@vt.edu
www.math.vt.edu/people/gmatthews

RESEARCH INTERESTS
Coding theory and cryptography, especially applications of algebraic geometry and combinatorics to data storage, protection, and security

EDUCATION
Ph.D., Louisiana State University, 1999, Mathematics
B.S., Oklahoma State University, 1995, Mathematics

PROFESSIONAL EXPERIENCE
Virginia Polytechnic Institute and State University (Virginia Tech)
 Professor, 2018-
 Department of Mathematics
 Division of Computational Modeling & Data Analytics
 Hume Center for National Security and Technology
Clemson University
 Professor, Department of Mathematical Sciences, 2012-2019 (on leave 2018-2019)
 Associate Professor, Department of Mathematical Sciences, 2007-2012
 Assistant Professor, Department of Mathematical Sciences, 2001-2007
University of Tennessee
 Postdoctoral position in Algebra, 1999-2001

PROFESSIONAL ACTIVITIES AND LEADERSHIP ROLES
Director, Commonwealth Cyber Initiative (CCI) Southwest Virginia, 2019-
CCI Leadership Council, 2019-
Joint Committee on Women in the Mathematical Sciences, 2020-2023
Mathematical Association of America (MAA) Committee on the Profession, 2020-2023
MAA Committee on the Participation of Women, 2017-2023, chair 2020-2023
American Mathematical Society (AMS) Committee on Professional Ethics, 2019-2022
Chair, Scientific Advisory Board, Association for Women in Mathematics (AWM), 2019-2020
Associate Editor for Coding Theory, IEEE Transactions on Information Theory, 2018-
Coordinator of Instruction, Department of Mathematical Sciences, Clemson University, 2018
Manager, NSF-funded Research Training Group in Coding Theory, Cryptography, and Number
  Theory, 2017-2018
Coordinator, Algebra & Discrete Math Faculty, Clemson University, 2005-2010, 2015-2017
AWM Michler Prize Selection Committee, 2016-2019; Chair, 2019
IEEE Information Theory Society, Senior Member, 2011-

AWM Long-range Planning Committee, 2001-2004

OUTREACH EXPERIENCE

Organizer (along with Nicole Bannister, Lauren Childs, Julianne Chung, Lea Jenkins, and Sean Sather-Wagstaff), STRIVE for MORE: Success Through Rewarding and Inclusive Virtual Experience in Mathematics - Opportunities in Research and Education, a new, virtual workshop to engage undergraduate students in highly relevant mathematics tied to applications that address societal needs and encourage them to consider graduate studies and careers in mathematics. Participants learn about cutting edge research which addresses societal needs from a leading mathematician, engage in discussions with graduate students, participate in panel discussions on research, summer opportunities and pathways to mathematical careers increase retention among those who enter graduate programs in mathematical sciences, 2020

Organizer (along with Nicole Bannister, Lauren Childs, Julianne Chung, Lea Jenkins, and Sean Sather-Wagstaff), MORE: Mathematics – Opportunities in Research & Education, a new annual, two-day workshop designed to: increase the number of females, first-generation undergraduate students, and students from groups traditionally underrepresented in STEM who pursue graduate degrees in mathematics; develop a community for support in continuing education and career goals; and equip participants with strategies that increase retention among those who enter graduate programs in the mathematical science, 2019-

Organizer (along with Eileen Martin and Lizette Zietsman), SURE: Speakers and Undergraduate Research Engagement, a program to equip students with skills to be more successful in their mathematical pursuits and to combat stereotypical views of what success in mathematics looks like and who can achieve it via a speaker series hosting female mathematicians, some of whom are from other groups underrepresented in STEM fields, and semester-long research projects, 2019-

Advisor, SWIMM: Supporting Women In Mathematics through Mentoring, a mentor network consisting of undergraduate math majors mentored by graduate students in mathematics and mathematics education to foster community and support, 2018-

Organizer and instructor, T2R: Transition to Research, a summer bridge program for incoming graduate students to support early engagement in research in coding theory and cryptography, 2018-

Director, pREU: preliminary Research Experience for Undergraduates, a summer program designed to prepare students for REUs by providing a preliminary research experience outside of the typical classroom setting, especially students from HBCUs, regional universities, small colleges, or from groups underrepresented in the math sciences, 2017, 2018

Instructor, Project WISE (Women in Science and Engineering) summer camp for junior high girls: Math, Science, and Engineering - It's a Girl Thing! Development of hands-on coding/cryptography activities for middle school students and distribution of curriculum via publications for teachers (in collaboration with S. Anderson), 2004-2018

Co-creator and instructor, We Do Math - a STEM summer camp for high school girls. Significant curriculum development and research study (in collaboration with N.

Bannister and A. Simpson) of interplay between status and technology in a single-gender camp setting, 2013-2015

Instructor, STEM Day, a recruiting activity for groups underrepresented in science and Engineering, April 2012, April 2013

Coordinator, Math Superstars, Clemson Elementary School, 2010-

Instructor, PAW - PEER and WISE - Day, a recruiting activity for groups underrepresented in science and engineering, April 2009

Instructor, PEER (Program for Education, Enrichment, and Retention) Mathematics Excellence Workshop for minority students entering engineering and science. Role includes providing curriculum and support for first-generation college students who are taking their first college math class, 2006-2008

Organizer, SHaring ADventures in Engineering and Science (SHADES): An interactive colloquium in engineering and science for middle school girls, mathematics session, March 2001

Outreach volunteer, Westhaven Elementary School, Knoxville, TN, 2000-2001

HONORS AND AWARDS

AWM Fellow, 2020, in recognition of "contributions to and leadership of activities to encourage girls and women to study and enjoy mathematics; for service to the profession in fostering collaborative research groups with junior faculty and postdocs; and for excellence in mentoring"

WISE (Women in Science & Engineering) Service Award, 2018, in recognition of service to educate, recruit, and retain underserved STEM Majors

2011 Award for Faculty Excellence, Clemson University Board of Trustees

2010 Mathematical Sciences Faculty Teaching Award

2002 Award for Faculty Excellence, Clemson University Board of Trustees

SERVICE AND ENGAGEMENT

Service to and engagement in the profession (external)

ACCESS: Algebraic Coding and Cryptography on the East coast Seminar Series, new twice monthly online seminar, co-organizer (with Felice Manganiello and Edoardo Persichetti), May 2020-

Co-organizer, AMS Special Session on Mathematics of Cryptography, Joint Math Meetings, January 2021

Scientific committee, PQCrypto 2020 Code-Based Crypto Workshop (Paris), 2020

Program committee, International Workshop on Code-Based Cryptography (Zagreb, Croatia, May 2020), 2019-2020

Invited researcher, Quantum cryptanalysis of post-quantum cryptography, Simons Institute, February, 2020

Co-organizer, AMS Special Session on Coding and Cryptography, AMS Spring Central Section Meeting, March 2020 (cancelled due to COVID-19)

Math Alliance Facilitated Graduate Applications Process (F-GAP) Facilitator, provides graduating seniors and masters scholars with advice and assistance as they begin to apply to graduate programs, February 2019-

Leader, Workshop for Women in Graph Theory and Applications, Institute for Mathematics and
its Applications (IMA), August 2019

Invited researcher, Quantum algorithms for analysis of public-key crypto, American Institute of
Mathematics (AIM) Workshop, February 2019

Invited researcher, Cybersecurity, Women in Mathematics and Public Policy Workshop,
Institute for Pure & Applied Mathematics (IPAM)/UCLA, January 2019

Associate editor for coding theory, IEEE Transactions on Information Theory, 2018-

Co-organizer, AMS Special Session on Graph Theory in Honor of Robert E. Jamison's 70th
Birthday, AMS Spring Southeastern Section Meeting, March 2019

Co-organizer, AMS Special Session on Mathematics of Coding Theory and Applications, Joint
Math Meetings, January 2019

Co-organizer, MAA Pathways to Leadership Panel, Joint Math Meetings, January 2019

Organizer, Early Career Workshop on Coding Theory, Cryptography, and Number Theory,
Summer 2018

Co-organizer, Special Session on Engaging Activities in Coding Theory, Cryptography, and
Number Theory at MAA Southeastern Section Spring Meeting, March 2018

Co-organizer, Minisymposium in Coding Theory, SIAM AG 2017: Conference on Applied
Algebraic Geometry, July 2017

Co-organizer, AMS Special Session on Coding Theory, Cryptography, and Number
Theory, AMS Spring Southeastern Section Meeting, March 2017

Co-organizer, AMS Special Session on Coding Theory for Modern Applications at Joint Math
Meetings, January 2017

Co-organizer, Shannon Centennial at Clemson, March-December 2016

Panelist, MAA, 2016-17

Panelist, NSF, twice 2015-16, 2016-17, 2018

Co-organizer, Special Session on Activities for Math Clubs at MAA Southeastern
Section Spring Meeting, March 2016

Co-leader, working group at Algebraic Geometry for Coding Theory and Cryptography
Workshop, Institute for Pure & Applied Mathematics (IPAM)/UCLA, 2016

Co-organizer, AMS Special Session on Advances in Coding Theory at Joint
Mathematics Meetings, January 2015

External reviewer, Department of Mathematics and Statistics, University of North
Carolina-Charlotte, 2014

Panelist, WISE Research Opportunities for Undergraduates, November 2013

Panelist, Southeastern Conference for Undergraduate Women in Mathematics, October 2013

Co-organizer, AMS Special Session on Advances in Coding Theory at Joint
Mathematics Meetings, January 2012

Co-organizer, AMS Special Session on Recent Advances in Coding Theory at Joint
Mathematics Meetings, January 2009

Co-founder and co-organizer, PaNTS: Palmetto Number Theory Series, 2006-2008

Co-organizer, AMS Special Session on Algebraic Geometry Codes at Joint Mathematics
Meetings, January 2005

Organizer, Research Experiences for Undergraduates Poster Session at Joint MAA
Southeastern Section/SIAM Southeast Atlantic Section Meeting, March 2003

Invited researcher, American Institute of Mathematics (AIM) Workshop Rational and integral
    points on higher dimensional varieties, December 2002
AWM representative, MSRI CRAFTY Workshop The Preparation of Math Majors in
    the First Two Years, February 2001
Research advisor, NSF Research Experiences for Undergraduates in Pure and Applied
    Mathematics, University of Tennessee, Summer 2000, 2001
Co-organizer, Project NExT Session on Creative Research Techniques at Joint
    Mathematics Meetings, January 2000
Co-organizer, Louisiana State University Graduate Student Seminar, 1996-1997

<u>University and departmental service</u>
Quantum Information Science and Technology (QIST) Working Group, 2019-
Academic Leaders Program, 2019
Departmental Executive Committee, 2019-2020
CCI Executive Director search committee, 2019-2020
Chair, ISDA subcommittee on Southwest Virginia Commonwealth Cyber Initiative (CCI) node
    proposal, 2019
Integrated Security Destination Area (ISDA) Stakeholders Committee, 2019-
Organizer, AARG: Applied Algebra Reading Group, 2019-
Advisor, SWIMM: Supporting Women in Mathematics through Mentoring, August 2018-
Panelist, What are you doing next summer? Panel on internship and research opportunities,
    October 2018
College of Science Honorifics committee, 2018-
Organizer, RTG Seminar on Coding Theory, Cryptography, & Number Theory, 2017-
Co-creator and administrator, Pow!–Math Sciences Problem of the Week, 2015-
Graduate affairs committee, 2015-2017
Research mentor for junior faculty, 2013-
Faculty co-advisor and affiliated faculty, AWM Student Chapter, 2013-
Tenure, Promotion, & Reappointment committee, 2012-
Tenure, Promotion, & Reappointment subcommittee to draft departmental TPR guidelines,
    2015-2018
Chair, Department chair search and screening committee, 2012-2013
Chair, Tenure, Promotion, & Review Committee, 2012-2013
Mathematical Sciences Faculty Teaching Award selection committee, 2011-2013
Chair, Sabbatical Review committee, 2011-2015
Calculus textbook committee, 2009
Department chair review committee, 2008-2009, 2015
Mathematical Sciences Council (departmental governing body), 2008-2009, 2010-2014
Teaching mentor for junior faculty, 2008-
Organizer, Algebra and Discrete Mathematics Seminar, 2002-2004, 2015-2016
Academic advisor for graduate and undergraduate students in math sciences, 2002-2018
ADDITIONAL ACTIVITIES
Leaders Lab Book Group, Spring 2020
Evaluation committee, Department of Applied Mathematics & Computer Science, Technical

University of Denmark, 2019

Presenter, Deloitte Blockchain Problem Day, May 2019

Mentor, Math Alliance, 2018-

Capital Cybersecurity Summit, DC, November 2018

Deloitte Problem Day, October 2018

Information, Trust, and Society Initiative workshop, October 2018

Mentor, MAA Early Career Mathematician Networking Group, 2016-

Hiring committee, Professor in algebraic coding theory and its application in data security, Department of Mathematical Sciences, Aalborg University, 2016-2017

Mentor, IEEE Information Society Mentoring Network, 2014-

Hiring committee in algebraic coding theory, Department of Mathematical Sciences, Aalborg University, 2012-2013

Referee for *Journal of Algebra; IEEE Transactions on Information Theory; Designs, Codes and Cryptography*; *Finite Fields and their Applications; Advances in Mathematics of Communications; Applicable Algebra in Engineering, Communication and Computing*; *Linear Algebra and its Applications*; *The American Mathematical Monthly; Journal of Combinatorial Theory, Series A; Communications in Algebra*; *SIAM Journal on Discrete Mathematics; Discrete Applied Mathematics; Pacific Journal of Mathematics*; *European Journal of Combinatorics*; *Proceedings of the 2003 Arithmetic and Birational Geometry Conference*; *Discussiones Mathematicae Graph Theory; Integers*; and *Houston Journal of Mathematics*.

Reviewer, Calculus text, 2009

Reviewer, Discrete mathematics text, 2008

Consultant, MAA Project NExT, 2007-2008, 2011-2013

Mentor, AWM Mentor Network, 2002-

Project NExT, MAA, 1999-2001

December 2020
